which it aims to derive its political legitimacy to rule and potentially its status as a sovereign state.

## **Nation-States and Sovereignty | Boundless World History**

State Sovereignty today is the core principle behind interstate relations and our modern day world order. The concept of State Sovereignty contributed largely to the architecture of our present day nation-state system, and is embodied today through political authority. State Sovereignty as understood today can be traced back to the Treaties of Westphalia in 1648. [...]

## **STATE SOVEREIGNTY - The Lawyers & Jurists**

Westphalian sovereignty (noun) The principle of international law that each nation state has sovereignty over its territory and domestic affairs, to the exclusion of all external powers, on the principle of non-interference in another country's domestic affairs, and that each state (no matter how large or small) is equal in international law.

## **Definition of Westphalian sovereignty in World History.**

Modern International law primarily developed based on two concepts that are the concept of State practice and International treaties. On the one hand, most of the global scholars perceive the United Nations charter as a founding International treaty of International law that contains rights and duties of states.
