While all 'post-modern' discourses in some way seek to address these questions, the growing discourse of postcolonialism is arguably the most suited to this task as it is directly concerned with the ontologies and epistemologies of those that lie outside the 'modern' world.

Postcolonialism and the Reassertion of 'Non-Modern' Thought

Aijaz Ahmad (1996) points to the ambiguity of historical references in postcolonial discourse. In the discursive realm of floating signifiers and the language metaphor, the objective asymmetry of power and resources between hegemonic blocs and subaltern groups (racialized minorities in the metropolises and in the "third world") disappears, as well as the attendant conflicts.

The main methodology used in postcolonial theory is known as colonial discourse analysis, which looks into critiquing and breaking down "the discourses in which colonial relations are constituted, exploring the representational strategies and subject positions of colonialism" ("Postcolonialism," n.d.)

What is Postcolonialism? An Overview

postcolonial writers. Pertinently, they do not bother even if the final uses, to which each is put, differ. Postcolonialism resists the dominant discourse in the same way as postmodern literature does. It regards grand narratives such as history as a colonial tool which imperial powers use to sustain their existence.

Postcolonialism: A Counter Discourse

This conference invites artists, critics, curators, and scholars to query the state of postcolonialism in modern and contemporary art. Does (or should) the postcolonial retain relevance? Or how might it regain relevance? In what ways must new projects challenge the orthodoxies, binaries, and narratives of earlier discourses?
