President Barack Obama's health care reform plan became law in 2010 as the Patient Protection and Affordable Care Act, more commonly known as Obamacare. 1 His goal was to lower health care costs. He also wanted to improve the quality of life for those who couldn't get health insurance from their jobs.

Obama and Health Care Reform - The Balance

The United States needed to reform health care because the cost was so high. Medical bankruptcies affected up to 2 million people. 1 Rising health care costs threatened to consume the entire federal budget. It made the cost of preventive care unaffordable. That sent many low-income people to the emergency room, raising costs even higher.
