### Photoshop Pro Photography Handbook: Advanced Post ...

The title of this book gave me high hopes for a book of at least intermediate but hopefully "pro" level as the title suggests. A real let down, the book hardly scratches the surfaces and only really goes over the basics of photoshop for photography the anyone with at least a reasonable knowledge of photoshop will already know.

1. Get Creative With The Edits. When it comes to certain kinds of photography, the rules of editing go out of the window. But if you’ve been through Photography Courses and Tutorials, you are ready to take on photo editing according to your own ideas. This is the right time to be creative especially when it comes to the colors and tones of your image.
