The Enemy At Home The

Without reliable knowledge of what the enemy wants and how it intends to achieve its goal, it seems virtually impossible to have an effective counterstrategy, either at home or abroad. In addition, America's people and leaders are deeply divided about whether this is a war with an end point, over what would constitute "success," and over whether success is even possible in this new kind ...

This enemy at home must be fought by the German people in a political struggle, cooperating with the proletariat of other countries whose struggle is against their own imperialists. We think as one with the German people - we have nothing in common with the German Tirpitzes and Falkenhayns, with the German government of political oppression and social enslavement.
