Read Free Think Before Its Too Late Naadan

Edward De Bono criticizes our complacency about the quality of our human thinking. He does affirm that the currently used thinking methods are good, but not enough.

Throughout the book's chapters, De Bono provides examples of the new way of thinking he suggests, which he calls "lateral thinking".

solutions to challenges. At the core of creative problem solving is the act of thinking.

Book Review: Think! Before it's too late by Edward deBono

It is clear that this is an appeal to young people to think carefully about their Creator, not merely to remember that he is there. The thought is: recall God's presence daily; live in a relationship with him;
